2023 BUDGET MESSAGE

I. DISTRICT SERVICES

The Jackson Creek Commercial Metropolitan District No. 2 (the "District") was formed on November 18, 2020. The District is authorized to provide financing for the costs of designing, constructing and installing parks or recreation facilities, traffic and safety controls, street improvements, and water and sanitation services (as those terms are defined within its Service Plan) within the District's boundaries.

II. BASIS OF ACCOUNTING

The basis of accounting utilized in the preparation of the District's 2023 budget is the cash method.

III. IMPORTANT FEATURES OF THE BUDGET

The District's 2023 budget does not result in a violation of any applicable property tax or fiscal year spending limitations. Emergency reserves have been provided in 2023 (3% of the District's fiscal year spending excluding bonded debt service.)

- A. **RESOURCES** - The District does anticipate receiving property tax revenues during the budget year, and has relied upon El Paso County Assessor values as of the date of the budget preparation.
- B. **EXPENDITURES** - The District anticipates that expenditures will be funded through a combination of funds remaining from prior year developer advances and additional developer advances received during the year.

IV. CAPITAL PROJECTS

Eastern Harness Road and Cinematic View

Costs associated with the design and construction of parks or recreation facilities, traffic and safety controls, street improvements, or water and sanitation services associated with the commercial project known as Monument Marketplace North, including the construction of a portion of Harness Road, and Cinematic View were completed during the 2022 budget year. Since the project is under warranty from the developer and contractor, no expenses related to these improvements are anticipated in the 2023 budget year. As the cost of those improvements were initially funded in total by developer, advances and are not anticipated to require any disbursement of cash directly by the District prior to or during the 2023 budget year, no projected capital projects fund activity has been included in the 2023 budget.

Harness Road, Strata Drive and Grand Village Drive

Costs associated with the design and construction of parks or recreation facilities, traffic and safety controls, street improvements, or water and sanitation services associated with the commercial project known as Village at Jackson Creek, including the construction of Harness Road, Strata Drive and Grand Village Drive are anticipated to be incurred during the 2023 budget year. As the cost of those

improvements will initially be funded in total by developer advances and are not anticipated to require any disbursement of cash directly by the District prior to or during the 2023 budget year, no projected capital projects fund activity has been included in the 2023 budget.
